## **Public Workshop**

# **CAMDEN BYPASS PROJECTS**

**W.B. Simpson Elementary School  
5 Old North Road  
Wyoming, DE 19934**

**Wednesday June 12, 2019  
3:00 p.m. – 6:00 p.m.**

The Delaware Department of Transportation (DelDOT) is holding a public workshop to solicit public input on the Camden Bypass Projects. The Public Workshop will be held on June 12, 2019 at the W.B. Simpson Elementary School at 5 Old North Road, Wyoming, DE. The public is invited to attend anytime between 3:00 p.m. and 6:00 p.m.

The purpose of this project is to construct a new roadway to provide through traffic an alternative route around the historic Town of Camden. The project includes connections from SR10 to Old North Road and SR10 to Willow Grove Road passing through Upper King Road. The project also includes changing traffic patterns on other roadways such as Voshells Mill Road and South Street in and around the Town of Camden. DelDOT will present the Preferred Alternative, refined from the plan shown in the 2013 Update to the Town's Comprehensive Plan. Attendees will have the opportunity to review plans for these improvements and ask questions and provide comments to DelDOT's representatives.

Interested persons are invited to express their views in writing, giving reasons for, or in opposition to, the proposed project. Comments will be received during the workshop or can be mailed to DelDOT Community Relations, P.O. Box 778, Dover, DE 19903 or sent via email to [dotpr@delaware.gov](mailto:dotpr@delaware.gov).

This location is accessible to persons having disabilities. Any person having special needs or requiring special aid, such as an interpreter for the hearing impaired, is requested to contact DelDOT by phone or mail one week in advance. Please contact DelDOT Community Relations at 1-800-652-5600 (in DE) or 302-760-2080 or write to the above address.
